

Hey Parents! You've probably heard that the 2025 SAT is now DIGITAL ONLY.

Is YOUR student ready for it? ❖❖❖❖

This challenging exam requires a lot more preparation than most people realize.

FREE

**Full-Length SAT Practice Test – In-person at Chester County Library (Exton)!
Prepare for the Test That Matters!**

Just when you thought college prep couldn't get more stressful... the SAT got a difficulty update. Yep, the 2025 SAT is now 100% digital—and no, that doesn't mean students can Google the answers! ❖❖

The content is still tough—but now it's wrapped in a whole new format. That means new tools, new strategies, *and more stress*. Our students need to be prepared for more than just academic head-knowledge—they need to know how to give the test-makers what they're looking for...under pressure.

❖❖ **Here's how we can help your student (for FREE):**

We're offering a full-length, in-person, proctored Digital SAT Practice Test for students in grades 10–12!

- ✓ Simulates real test-day conditions
- ✓ Proctored by a former Princeton Review SAT instructor (the guy who knows all the answers!)
- ✓ Each student receives a personalized score analysis.
- ✓ It's FREE (because stress shouldn't cost extra)!

Where: Chester County Library, Exton – Earl Baker Conference Room

When: Tuesday, August 5th, 5–7pm

Who: Rising 10th–12th graders

Hosted by: Above-Grade Tutoring
