

**Parents, quick question:
Do you want your student living with you till they're 40?!**
Neither do we!

We're offering your student a powerful step toward college confidence and admissions competitiveness!

Here's the reality: Although many colleges say they're "SAT optional," they still tell us that **SAT scores count as much as 2/3 of a student's college admissions score!**

Yep—SAT scores are still a big deal.

The good news? We can help.

🎓 With over **30 years' experience in education**, we've helped students boost their SAT scores—and their confidence—immensely!

This isn't some generic online course. It's...

- ✓ Taught by veteran SAT instructor from *The Princeton Review* (The guy who knows all the strategies!)
- ✓ **20 hours of intensive, in-person** instruction
- ✓ Includes **full-length SAT practice tests**, personalized scoring, & analysis
- ✓ Plenty of **individual attention**
